

SPARKS

SPARKS is a fun, spirited, learning experience targeted toward newer, emerging voices in our Associations (SEA & SEEO). You will gain a better understanding of your Association while learning skills and making connections that will help increase your success on the job.

Our goal is to create an energy of honesty and openness to be shared among and increased by SPARKS participants. Frank, honest dialogue in a safe setting is at the center of the SPARKS experience.

The SPARKS experience is a springboard for emerging voices to connect with other voices as they explore and make their own discoveries about the Association.

WARNING: The SPARKS experience often results in changed members and changed Associations!

For more info: Talk to your Building Rep or call the number found in this brochure.
