\*\*Students 12 and up are booster eligible, but the IDPH does not require them to have a booster to avoid quarantine.

### **TEST TO STAY**

- All staff and students are eligible to participate in Test to Stay provided their exposure took place at school or on District-provided transportation and they are symptom free. Test to Stay is not an option if exposure occurred during extracurriculars and athletics.
- Two negative tests are required.
  - The first test will be administered on the day the student or staff member was identified as a close contact. The BinaxNow test should be offered for the first test, conducted in the nurse's office.
  - The second test must be administered between Day 5 and 7. SHIELD testing at the Rafferty Center should be utilized for the second test.
  - Individuals participating in Test to Stay may participate fully in classes, extracurricular activities and athletics.
